19th October, 2023

MESSAGE

I extend my warm greetings and best wishes to Messe Frankfurt India on the occasion of the 7th edition of Rail India Conference & Expo, scheduled to be held on October 27, 2023, at the Shangri-La Eros Hotel, New Delhi.

The chosen theme, "Next Gen Railways: Smart, Safe, and Sustainable," encapsulates the very essence of the contemporary landscape and the evolving role of Indian Railways. In the present era, our railway system is not merely a mode of transportation, it is a dynamic and multifaceted entity that mirrors the needs and aspirations of new India. As Indian Railways embarks on a journey of unprecedented modernization, it aligns seamlessly with the aspirations and requirements of the present times. Smart railways, driven by cutting-edge technology and digital connectivity, are redefining the travel experience for passengers, making it more accessible and convenient than ever before. Safety and security enhancements have remained at the forefront of our priorities, ensuring that passengers can embark on their journeys with a profound sense of safety and trust. Sustainability, through the adoption of green energy solutions and clean transportation, demonstrates our commitment to a greener and cleaner future.

I would like to commend the Rail India Conference & Expo for its pivotal role in bringing together stakeholders, experts, and professionals from the railway sector. This platform facilitates meaningful discussions and deliberations, fostering a collaborative environment that propels the modernization of our railway system and augments investments.

I extend my heartfelt wishes for the resounding success of this event. May it continue to serve as an invaluable forum for industry leaders to exchange ideas, share innovations, and contribute to the advancement of our Railway network.

(Jaya Varma Sinha)
